Dugout Canyon Mine, Canyon Fuel Company, LLC, C/007/039, Carbon County, Utah

Dear Sirs:

Enclosed please find five clean copies of a revision to the Methane Degassification Amendment to add Degas Well G-29 to the permit. Although, the approval letter requested six copies we are submitting only five in accordance with the statement below from the submittal guidance.

"FINAL COPIES: Submit five clean paper copies (without redline strikeout and **correctly paginated for insertion into the plan**) for final approval. Any additional copies may be submitted on CD. The five final paper copies are for the Division Salt Lake Office (two copies – one for Incoming and one for the MRP), the Division Price Field Office, the Office of Surface Mining and the Operator."

If the statement is incorrect please let us know and we will submit another copy.

The archeological information for site G-29 is provided in report SPUT 577, which have been approved by SHPO and incorporated into the confidential folders.

If you have any questions please call me at (435) 636-2869.
